

# National Referral Mechanism Statistics – End of Year Summary 2018

**Date published: 20/03/2019**

**Reference: EOY18-MSHT**

**Version number: 1.0**

**Authoring department/team: Vulnerabilities Command / MSHTU**

## Key Points

- 6,993 potential victims were submitted to the National Referral Mechanism in 2018; a 36% increase on the 2017 total of 5,142 referrals.
- Reporting showed potential victims of trafficking from 130 different nationalities in 2018.
- UK, Albanian and Vietnamese nationals remain the most commonly reported potential victims, with the United Kingdom increasing by nearly 100% to 1,625 referrals over the 2017 total of 820 referrals.
- The most common exploitation type recorded for potential victims exploited as adults and minors was labour exploitation, a category which also includes criminal exploitation.
- Of the 6,993 potential victims referred to the NRM in 2018, 52 were referred to Police Service of Northern Ireland for crime recording purposes, 228 were referred to Police Scotland and 251 to Welsh forces. The remaining 6,462 were referred to English police forces.
- Referrals for minor exploitation categories increased 48% to 3,137 in 2018, compared to 2,118 in 2017. This increase is due, in the majority, to a continued increase in the recorded NRM referrals related to the county lines criminal business model of exploiting vulnerable individuals and other forms of criminal labour exploitation.
- In 2018, 1,986 (28%) of referrals reported that the location of exploitation was overseas only.

## Introduction

This report presents a summary of the number of potential victims of modern slavery and human trafficking referred in to the National Referral Mechanism (NRM) in 2018 and is the final annual report in this format, prior to the transfer of the NRM to the new Home Office Single Competent Authority in April 2019 as part of a wide-reaching NRM Reform Programme.

Unless stated otherwise, the source used is from NRM data extracted on **18/01/2019**. Some of the cases remain open with the Competent Authorities and decisions on their modern slavery status are yet to be made. The NRM is a 'living' process and data should be considered provisional until all cases are concluded. Some values may differ from previous, or future reports as supplementary information is revealed throughout the duration of a case and their records are adjusted accordingly. Unless otherwise specified, percentages are rounded.

A supporting Microsoft Excel file, *Tables\_for\_NRM\_Summary\_2018\_INTERNET*, is available in Excel 97-2003 format to enable users to more readily interact with the NRM data without the requirement for the latest software. Downloads are available from the NCA's website at:

[www.nationalcrimeagency.gov.uk/publications/national-referral-mechanism-statistics](http://www.nationalcrimeagency.gov.uk/publications/national-referral-mechanism-statistics)

**This is not an assessed intelligence report and does not, therefore, provide any analysis of the picture of modern slavery in the UK.**

**The report's purpose is to provide figures relating to the number of potential victims that have been referred in to the NRM process during 2018, with no decision data for the individual cases.**

**Due to the changes introduced to NRM recording methodology in line with Home Office Counting Rules for crime recording purposes, there is no direct comparison possible to previous years when examining referral totals for England, Northern Ireland, Scotland and Wales. The 2017 totals are provided for information purposes only.**

## Overview

Under the existing NRM process potential victims of modern slavery are referred by 'First Responders' to one of two 'competent authorities' who consider whether an individual is a victim of modern slavery.<sup>1</sup> First Responders include a number of public bodies and specified non-government organisations (NGOs).

The two 'competent authorities' that make decisions about whether referred individuals are victims of modern slavery are the NCA's Modern Slavery Human Trafficking Unit that handles EEA national cases, and UK Visas and Immigration (UKVI), that handles non-EEA national cases or individuals in immigration detention.

Initially the competent authorities make a 'reasonable grounds' decision, which assesses whether the competent authority 'believes but cannot prove' that the person is a victim of modern slavery. If an adult individual receives a positive reasonable grounds decision they

---

<sup>1</sup> The NRM process and specialist support was initially established to deal solely with victims of human trafficking. In July 2015, the Government contract for adult victim care in England and Wales was extended to cover victims of all forms of modern slavery, in line with the recommendations of a review of the NRM system. Throughout this report, the term 'modern slavery' is used. The Northern Ireland Department of Justice has extended the scope of support in Northern Ireland to cover all potential victims of modern slavery.

become entitled to government-funded support.<sup>2</sup> Local authorities have responsibilities to support child victims of modern slavery under existing statutory child protection arrangements.

The competent authority then collects further evidence about the case in order to make a 'conclusive grounds' decision, which assesses whether 'it is more likely than not' that the person is a victim of modern slavery. The time taken to reach a conclusive decision may be affected by the availability of supporting evidence.

Not all of the individuals who are referred to the NRM will ultimately be assessed to be modern slavery victims.

In October 2017, the Government announced reforms to the NRM, to improve identification of, and support for, victims of modern slavery. Further details about these reforms and a link to sign up to a NRM newsletter are available at: <https://www.gov.uk/government/publications/national-referral-mechanism-reform/national-referral-mechanism-reform>

## Changes Introduced to NRM Data Management

Previous iterations of this report were produced on the basis of the police force and country location of the first responder, irrespective of the claimed location of exploitation or residence of the potential victim at the time of referral. This led to invalid hotspot analysis of the data being applied to police force areas and the devolved regions of the UK.

Following the July 2016 clarification and subsequent update in July 2017 within the Home Office Counting Rules<sup>3</sup> (HOCR) whereby:

*"all referrals made by the police into the NRM ..... and all those that the police receive from the NRM with a positive reasonable grounds decision applied must be subject of a recorded crime of MS (modern slavery)"*

a subsequent NCA review established that the previous statistical attribution of referrals to a particular country within the UK on the basis of the location of the first responder was misleading.

In support of HOCR requirements, NRM referrals are now screened against the below criteria in order to identify the responsible geographical police force. Once identified, the referral is transmitted within one working day to the relevant Force Intelligence Bureau (FIB), or stipulated point of receipt within force for action. The reasonable grounds decision, once made, is subsequently notified to the force by the competent authority.

### Criteria applied to identify relevant force

*The force has acted as first responder, or the referral indicates that the force is already involved in the recording/investigation of the potential modern slavery human trafficking (MSHT) offences;*

**or**

*The potential victim has been exploited within the force area;*

**or**

<sup>2</sup> In Northern Ireland, under section 18 of the Human Trafficking and Exploitation (Criminal Justice and Support for Victims) Act (Northern Ireland) 2015 assistance and support is made available to adult potential victims of modern slavery from the point where a referral to the NRM is made or is about to be made, rather than from the point that a positive reasonable grounds decision is received.

<sup>3</sup> Rule updated July 2017. [https://www.gov.uk/government/uploads/attachment\\_data/file/627449/count-violence-july-2017.pdf#page84](https://www.gov.uk/government/uploads/attachment_data/file/627449/count-violence-july-2017.pdf#page84)

*The potential victim has been exploited abroad, or at an unknown location and the victim's address at time of referral is within the force area;*

**or**

*The potential victim has been exploited abroad or at an unknown location and they have presented to another first responder within the force area.*

The Annexes to this report and table overleaf have been compiled on the basis of where the police force that received the NRM referral is located, for example, Wales will be comprised only of NRM referrals originating from, or sent to Dyfed-Powys Police, Gwent Police, North Wales Police or South Wales Police.

## **NRM Statistics 2018**

This report contains limited finalised decision data for 2018, as a considerable proportion of cases (over 64%) are pending an outcome. Annex G provides a more detailed breakdown of status against nationality and exploitation types.

A summary of the current status<sup>4</sup> for cases between 2013 and 2018 is provided to give an indication of the proportion of cases referred in previous years that received a positive or negative outcome. Total referral figures are adjusted to take account of duplicate cases identified since the last publication.

Year	Total Number of Referrals	Positive Conclusive Decisions	Negative (RG or CD)	Pending Decision (RG or CD)	Suspended Cases	Withdrawn	Other non-decision
<b>2013</b>	1,746	836	779	4	57	70	0
<b>2014</b>	2,339	1,023	1,118	69	52	77	0
<b>2015</b>	3,262	1,353	1,477	208	116	107	1
<b>2016</b>	3,804	1,609	1,549	398	100	148	0
<b>2017</b>	5,142	1,645	1,505	1,613	155	224	0
<b>2018</b>	6,993	1,151	1,617	3,867	109	248	1

In 2018, the NRM received 6,993 referrals of potential victims (PV); this represents a 36% increase on 2017 referral total of 5,142. Reportedly, the PVs originated from 130 countries; this represents a 12% increase on 2017 country of origin totals.

The 6,993 referrals comprised 2,728 females (39%) and 4,261 males (>60%), with four (<1%) recorded as transgender. 3,856 (55%) were referred for adult exploitation categories and 3,137 (45%) referred for exploitation as a minor.

Referrals for minors increased 48% on 2017 totals due, in the majority, to a continued increase in the recorded NRM referrals related to the county lines criminal business model of exploiting vulnerable individuals and other forms of criminal labour exploitation.

There were six referrals for organ harvesting in 2018, including two cases where the location was claimed to be the United Kingdom. No harvesting occurred in any of the cases referred and no specific locations related to the threat of harvesting were identified.

Not all potential victims referred to the NRM in the UK report modern slavery or human trafficking exploitation that has happened in the UK. In 2018, 1,986 (28%) of referrals reported that the location of exploitation was overseas only.

<sup>4</sup> As at 12/03/2019

Claimed Exploitation Type	Female	Male	Trans-gender	Total 2018	Total 2017

## Annex A - ENGLAND - 2018

In 2018 the NRM received 6,462 referrals of potential victims where the referral was subsequently sent to a police force for crime recording considerations in England; this represents a 37% increase on the 2017 indicative<sup>8</sup> figure and accounts for 92% of all UK referrals to the NRM.

The 6,462 referrals were comprised of 2,513 females (>38%), 3,945 males (61%) and four transgender cases (<1%). There were 3,520 (54%) individuals referred for adult exploitation categories and 2,942 (46%) referred for exploitation as a minor.

## Annex E - Referring Agencies

### **NRM 2018 All Referrals – Referring Agency Summaries**

The annexed tables contain a summary of NRM referrals for each referring agency, broken down into exploitation type, adult/minor (at time of claimed exploitation), gender and nationality categories; these can be used for further local analysis.

(Intentionally blank)

## Government Agencies
