National Referral Mechanism Statistics – 2017 Quarter 1

This report presents a summary of the number of potential victims of modern slavery referred into the National Referral Mechanism (NRM) during the period 1st January to 31st March 2017.

The figures used are from the NRM data with a cut-off date of **13/04/2017**. Some of the cases remain open with the Competent Authorities and decisions on their trafficking status are yet to be made. The NRM is a 'living' process and data should be considered provisional until all cases are concluded. Some values may differ from previous or future reports as supplementary information is revealed throughout the duration of a case and their records are adjusted accordingly.

This report does not provide any analysis of the picture of modern slavery in the UK. It provides figures relating to the number of potential victims that have been referred in to the NRM process during the reporting period January to March 2017, but does not contain decision data for the year to date due to the number of pending cases.

NRM Statistics Quarter 1, January - March 2017

In this quarter, the UK National Referral Mechanism (NRM) received 1161 referrals of potential victims (PV); this represents a 15% increase on the previous quarter. The PVs were reported to be of 77 differing nationalities.

The 1161 referrals were comprised of 628 females (54%) and 533 males (46%). Referrals for 729 (63%) for adult exploitation categories and 432 (37%) referred for exploitation as a minor were received.

Annex F – Location Presented (Force Area) and Referring Agency

The following table shows the location of presentation for potential victims encountered and referred to the NRM process in Quarter 1 2017. Police force area is used for identifiable boundary purposes only.

The data represents referrals from all agencies, not just police forces. The location of presentation is where the potential victim was first encountered or identified as a PV¹¹ and does not infer hotspots or exploitative behaviour within the force area. This is particularly relevant for forces where a UKVI Asylum office is based, such as Croydon in the Metropolitan Police area, or an Immigration Removal Centre, such as Yarl's Wood in Bedfordshire Police area.
